QUALITY WORLD COINS

TERMS OF SALE

1. All lots will be sold to the high bidder, at the next regular advance over the second high bidder, by the highest amount of either \$1 or 5%. We reserve the right to reject any or all bids.
2. All items offered are guaranteed to be genuine and as listed. Error on the part of the cataloguer will be cheerfully corrected. Please bid carefully as we cannot be responsible for the errors of others.
3. Lots will be sent to the successful bidders on open account to acceptable, established customers only. New customers, and persons with whom we have had problems in the past, will be invoiced first, and lots mailed only after payment has been received.
4. Payment is due immediately upon receipt of merchandise, or upon receipt of invoice, unless other arrangements have been agreed upon in advance.
5. 5% sales tax will be added to all Illinois orders unless we have on file, a signed exemption certificate and Illinois registration number.
6. Bids are to be made, and invoices paid, in U. S. funds only. Foreign bidders must assume all risk of non delivery and should advise if special shipping instructions are necessary.
7. Shipping cost will be added to all invoices. In view of recent difficulties we have experienced when shipping by Parcel Post, all U.S. orders will be sent by First Class Mail, Insured, or by Registered Mail, unless we receive prior instructions to the contrary. We cannot send coins by United Parcel from this City.
8. Title to all lots remains with Jess Peters, Inc., until paid for in full.
9. Minors are expressly forbidden to participate in this sale.
10. In case of tie bids, the first bid received will be declared the winner.
11. Lots will be available for inspection at our bank, during banking hours, by appointment only.
12. Buy bids will not be accepted.

Prices Realized Lists will be available about ten days after the sale closes at the price of \$1. Please include payment with your request. Consignors and annual subscribers will receive the lists without additional charge.

DEALERS IN RARE COINS

P. O. BOX 123

PHONE Area 217 428-2074

DECATUR, ILLINOIS 62525

November 10, 1981

Dear Friends,

I am pleased to announce that Jess Peters Auction Sales will continue without interruption. On November 2nd we completed negotiations to sell the company intact to two of the country's leading world coin numismatists. I am absolutely delighted to be able to retire from the coin business and to leave the company in such competent hands as Stuart Rubinfeld and Steve Eyer.

The first catalog of the new company is enclosed and I am confident that you will be pleased with the direction that Jess Peters, Incorporated, will take under its new leadership.

The new owners plan an increase in the size and scope of auction sales, and will be much more active than I was at the many international coin fairs throughout the U.S. and the world. They, with your support and help, will build the company to the top World Coin Auction Company in the U.S. I hope you will give them the support that they need, both now and in the future. You can do this by bidding in each sale and by consigning collections to them throughout the year. Please contact the company for new advantageous auction terms.

I mentioned above that I felt I had left the company in competent hands. The new owners come to Jess Peters, Incorporated, as fully qualified as any I could think of.

Stuart Rubinfeld formerly headed the Foreign Coin Department at Manfra, Tordella & Brookes in New York. MTB is one of the largest rare coin dealerships in the world. There he specialized in world gold and silver rarities and he became one of America's leading authorities on talers and rare gold. His next position was with one of the leading auction houses in Europe, Giessener Munzhandling of Munich. There he was active with the auction department in all phases of its activity and will bring to Jess Peters, Incorporated this vast bank of knowhow!

As you may have guessed, Rubinfeld is also fluent in German! He next returned to the U.S. and has recently authored, along with his friend, Frank Draskovic, the price guide for all Crowns and Talers of the World as listed by John Davenport. The title of this recently released book is Standard Price Guide to World Crowns and Talers. It is quickly becoming the basic guide to pricing for crown-sized coins of the world.

The other new owner of the company is Steve Eyer of Mount Zion, Illinois. I feel especially happy that Steve is involved, because he is a native of Decatur and

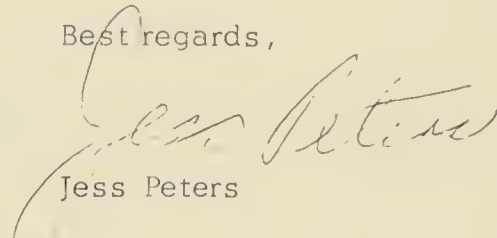

attended grade school just a few blocks from our office. Steve Iyer is a fellow member of the Professional Numismatists Guild, and has developed a thriving mail order business over the last decade. He is one of world coins' most respected numismatists and will maintain the high quality of fair dealing that Jess Peters, Incorporated has been known for in the past.

For my part, I plan to retire. Thank you for your warm support over the past years. I'm truly grateful for all the wonderful friends I've made along the way.

I'll promise to keep very busy over the next years. There are still many things I have always wanted to do and places to visit. For example, later this year you'll find me in the Caribbean skin diving a little; this is a hobby that I've had too little time to pursue in the past few years. I have quite a few other activities, too, so my retirement won't be at all dull!

I plan to be available to the company as a consultant from time to time as my other activities permit, but I'm sure that our new owners will have everything running smoothly in no time at all. I wish them the best of success, but most of all, I encourage you to support them to the fullest.

Best regards,

A handwritten signature in cursive script, appearing to read "Jess Peters".
